

My visit to Blackheath Park

When I arrive at Blackheath Park I will see a playground with fun equipment to play on.

I will see ducks at the park.

I have to stay on the footpath when I want to look at the ducks and the pond because there is no fence.

I can play on the play equipment and have fun.

There are water features to look at and touch but I will not step into the water because it is wet and cold.

There might be a dog at the park but its owner will have it on a lead at all times. I don't have to go near it if I don't want to.

If I want to, I can have a sausage sandwich for lunch.

After 2 hours, I will get back on the bus to come back to Tanderra.
