

Technology Agreement and Permission

Please read the following agreement and discuss the points with your child if you wish your child to be able to use his/her personal technology device whilst at the service.

Rationale

At Tanderra OOSH, we believe children can benefit from safe and regulated access to various types of technology. In this age of increasing ability to share information, the rights and privacy of people, including children, can be easily compromised. Through this agreement, we aim to minimise risk to all stakeholders whilst maintaining a fun and progressive environment. The service 'Technology Policy' applies and is available on request.

Code of Practice for Parents/Guardians

- I will ensure the content on any device my child brings to Tanderra OOSH, including any saved material, search history, photographs, games and other content is appropriate and G or PG rated.
- I agree to staff requesting access to the device if deemed necessary.
- I understand that Tanderra OOSH takes no responsibility for any loss or damage to any device brought to the service.
- I understand that telephone or text messaging is not permitted and that my child may not receive or make phone calls or text messages during hours of care.
- I accept that all devices and their times of use are strictly regulated by the service educators in accordance with the technology policy. When not in use, my child's device should be left in the office or in his/her bag.

Code of Practice for Children

- I will use my device in accordance with the technology times set out by the service staff.
- I will use my device appropriately and ensure that my behaviour with technology is courteous and respectful at all times.
- I will not take photos or recordings of other children or educators.
- I will not publish or upload images or recordings of other children or educators to the internet.
- I understand that the use of all devices is regulated by educators and that an educator may request to check my device and its content at any time.
- I will not access the internet at any time whilst at Tanderra, including for gaming.
- I understand that safe and proper use of technology is an important responsibility, and that neglecting this responsibility can result in serious consequences.

Parent/Guardian Authorisation

I understand and agree to the code of practice. I hereby give permission for my child to bring his/her personal technology device to the service to be used in accordance with this agreement and the service Technology Policy.
